

# McLouth High School Student Handbook

## INTRODUCTION

- **As a condition of enrollment, students are required to abide by all regulations contained in this handbook as well as other policies established by the board of education.**

The purpose of this handbook is to acquaint students and parents with the school system, its activities, organizations, opportunities and facilities. We are interested in each student and we want all students to get the most out of the opportunities afforded them in attending McLouth High School. It is recommended that you read this handbook and take it home and let your parents also read it. The handbook contains policies and procedures that shall be regarded as in effect in McLouth High School. Realizing that no handbook printed could answer all questions or problems, we invite the parents and students to visit us in the office. Sometime during the year some policies in this handbook will change as the need arises. We anticipate that the rules listed will be accepted in an atmosphere of cooperative compliance. Changes will be documented by the daily bulletin. Please keep in mind that ALL students are subject to ALL staff members.

### Academics

#### PowerSchool

McLouth Schools uses a web based student information system. Parents can access and review student progress through the PowerSchool system.

The McLouth School PowerSchool server is located at <http://ps.mclouth.org:8080>. Usernames and passwords are assigned by the school. Passwords may be obtained by stopping by the office with proper identification or calling the office and it will be mailed to you.

#### Grade Level/Course Outcomes

The grade level/course outcomes are available in the superintendent's office.

#### Channels of Communication

Patrons who have complaints, concerns, or compliments must follow this procedure in this order: (1) see the teacher; (2) talk to the principal; (3) schedule an appointment with the superintendent; (4) fill out a complaint form which may be secured from any office.

#### Program/Course Complaint

Patrons who have complaints about district curriculum may complete a Program/Course Complaint Form available in the central office.

#### Testing Program

The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and any state required tests.

It is the goal of the McLouth School District to have all students learn the intended curriculum and perform at an acceptable level on the State Assessments. The federal government, through No Child Left Behind (NCLB) has determined what an acceptable level is for students. Following is the State Assessment schedule for the next three years.

### Kansas State Assessment Schedule

2009-10	2010-2011	2011-2012
Reading once in high school	Reading once in high school	Reading once in high school
Mathematics once in high school	Mathematics once in high school	Mathematics once in high school

Students that take college classes concurrently with high school classes will have a 0.5 added to their final grade point.

### Incompletes

The grade of "INC" indicates that the work in the subject is not complete due to extenuating circumstances and that the proper credit can be earned by doing certain work as indicated by the instructor of the course. When the work is properly completed, the credit will be entered on the student's permanent record. An incomplete must be made up within two weeks following the end of the semester. If it is not made up, the grade for the incomplete work will be given "0%." No incomplete shall be granted without approval from the principal.

### Grade Classification

The following credits are required to be classified as: Sophomores = 5; Junior = 11; and Senior = 17.

### Report Cards

Periodic reports either written, by telephone or individual conference with parent(s) may be made to parents during the interim between formal reports being issued. Staff shall contact parents of students who are failing to master the learning objectives or whose grades have shown a decrease since the last reporting period.

The formal report shall be in writing following each nine week grading period.

### After School Assistance Program (ASAP)

We believe that every student can learn and be successful in school. However, some students learn at different rates or don't respond to traditional methods of instruction. The ASAP will provide the necessary time for these students to receive the special tutoring or instruction necessary to promote their academic achievement and progress at school. Students and parents are encouraged to initiate participation in ASAP by contacting the instructor and establishing a schedule that is mutually agreeable.

The After School Assistance Program (ASAP) is available and can be assigned by an instructor to any student who does not hand in assignments, fails tests, is behind in class due to absenteeism, or is in danger of failure in the course. The ASAP will be held after school Monday through Thursday. The ASAP bus will run Tuesday through Thursday. The ASAP is designed to provide time for the student to receive the additional individual instruction, guidance, and supervision necessary for academic success.

### Care Team

The MHS Care Team is a group of teachers, the counselor and principal who are available to assist and encourage students to succeed academically.

### Seminar

Seminar is intended as an opportunity for students to complete homework or to study during the school day. Consequently, all students must follow these rules for the benefit of the students in the seminar class.

1. Students must be seated and quiet when the bell rings. Students may not leave the classroom unless they have a pass **already written in their agenda** by another teacher. No one will be allowed to leave to go get a signature.
2. In order that students may study in a quiet environment, there will be no talking.
3. Students must bring textbooks and supplies to class. No locker passes will be issued.
4. If students do not have homework, then students are expected to bring a book to read.
5. Students may not sleep.
6. At times, seminar time may be used for the administration of testing, surveys and other school needs.

All school rules apply to a seminar class. Take this opportunity to get work completed during the school day.

### Seminar Schedule

First 15 minutes	Sustained silent reading or quiet study time
Remaining time	Tutoring

### **Accelerated Reader**

All McLouth High School students will read approved Accelerated Reader (AR) books as part of their English grade. Accelerated Reader is a specific intervention designed to improve the reading comprehension skills of the student population. AR will account for 10% of a student's English grade. Each book is worth a certain amount of AR points. When a student finishes a book and takes a test, they can earn up to that amount of points. Students will accumulate points during a nine weeks period to apply toward their English grade.

1. An approved book is one for which we have a test on file (these books are marked with a butterfly sticker) or with teacher approval the student may create a test.
2. Language Arts teachers will administer the AR tests.

### **Parent/Student/Teacher Conferences**

Parents and students are encouraged to request a conference with teachers at any time convenient to all parties.

One parent/teacher conference will be held each semester. (Refer to school calendar for dates of scheduled conferences.)

### **Awards and Honors**

#### Honor Roll

The Honor Roll will be computed at the end of each semester. Students must not have any D's or F's on their report cards for that semester to qualify for the Honor Roll. There will be a Principal's Honor Roll, a Gold Honor Roll and a Purple Honor Roll.

Criteria for the Principal's Honor Roll: Students must have a 4.0 grade point average for the semester.

Criteria for Gold Honor Roll: Students must have a grade point average for the semester of 3.50-3.99 with no D's or F's.

Criteria for the Purple Honor Roll: Students must have a grade point average for the semester of 3.00-3.49 with no D's or F's.

#### Academic Letters

A student must be on the Principal's or Gold Honor Roll for both semesters during the academic year to earn an academic letter. New students must be enrolled by the end of the first nine weeks of the fall semester to be eligible for an academic letter. Students will be recognized and presented letters during the academic banquet held at the end of the school year.

#### National Honor Society

Students who meet the academic standard of 3.0 (B) and who meet the qualifications of service, leadership, and character are given consideration by a team of faculty members for membership in the National Honor Society. Inductees will be honored at the Spring Awards Night.

### **Graduation**

#### Graduation Requirements

Students will need twenty-four (24) units of credit to graduate from McLouth High School. One-half unit of credit may be earned per semester or one unit of credit per year. The following are requirements for graduation from McLouth High School.

#### Graduation Requirements

- 4** **Language Arts** - three shall be Basic English and one shall be Language Arts electives (Senior English or College English)
- 3** **Social Studies** - one must be World History, one and one-half must be American History, and one-half Government
- 3** **Math**
- 3** **Science** (one credit physical, one credit biological and one science elective)
- 1** **Computer** (one credit Computer Applications)
- 1** **Physical Education/Health**
- 1** **Fine Arts** (Music, Art, Drama, Foreign Language)
- 1** **Practical Arts** (Home Economics, Industrial Arts, Computer, Business)
- 7** **Electives** (of which only one may be Student Para)
- 24** **Total Credits**

Any additional requirements of the Board of Education, including any changes that increase the number of units required for graduation, shall not adversely affect the students currently enrolled. When in the judgment of the high school principal such additional graduation requirements would impose an undue hardship on the student, the principal may waive one elective unit of credit. All graduates will be expected to complete the minimum requirements currently approved by the Board of Education.

**NOTE:** Students will earn a grade and elective credit for a student para assignment and summer driver education. The grade resulting from a para course and summer driver education will not be used in calculating grade point average (GPA) and Honor Roll.

### Early Graduation

Students who complete all state and local graduation requirements may request permission to graduate early. Students interested in early graduation should see the guidance counselor for forms and information. If the senior receives permission for early graduation, s/he forfeits all senior activities with the exception of Prom and Commencement.

### Graduation Exercises

Students who have completed the requirements for graduation may be allowed to participate in graduation exercises unless participation is denied for appropriate reasons. Appropriate student behavior and dress is expected. Graduation exercises shall be under the control and direction of the building principal.

### Valedictorian/Salutatorian

To be eligible for valedictorian and salutatorian honors, a student must have been a student at McLouth High School for at least the final two semesters before graduation. The graduating class valedictorian will be the student(s) with the highest cumulative grade point average at the end of eight semesters. The class salutatorian will be the student(s) with the second highest cumulative grade point average at the end of eight semesters.

To be eligible for valedictorian or salutatorian honors, a student must be enrolled in the Board of Regents Recommended Curriculum for Qualified Admissions (see below).

## **Qualified Admissions**

Under Kansas law, a graduate of an accredited Kansas high school is entitled to admission to a State Board of Regents' Institution if the student has completed the pre-college curriculum prescribed by the State Board of Regents with a minimum grade point average of 2.0 on a 4.0 scale.\*

Take notice that the pre-college curriculum consists of:

- four units of English;
- three units of mathematics;
- three units of social studies;
- three units of natural science; and
- one unit in the field of computer technology.

\*The law also specifies that a graduate is eligible for admission if he or she has a composite ACT score of not less than 21 points or ranks in the top 1/3 of his or her high school class upon completion of seven or eight semesters of study.

## **Finals Policy**

All students are required to take comprehensive final examinations in every class at the end of each semester. A student may, however, earn an exemption from final exams each semester if they meet the following criteria:

1. No unexcused absences
2. No more than three excused absences and a grade of A OR no more than two excused absences and a grade of B
3. Three tardies in a class will equate to one unexcused absence for this policy.
4. Students who have served in-school and/or out of school suspensions are not exempt from finals.

School activities absences are not counted against a student's attendance record. Because exemptions from final exams are not guaranteed and must be earned there will be no final examinations given before the scheduled time.

## **Make-Up Work**

It is the student's responsibility to obtain make-up assignments from teachers following an absence.

## **Academic Dishonesty**

Academic dishonesty - as in cheating or plagiarism - is not acceptable. Cheating includes copying another student's work - such as homework, classwork, or test answers - as one's own. Plagiarism is the use of another person's original ideas or writing without giving credit to the true author. Materials taken from electronic sources are covered by this policy.

A student who engages in any form of academic dishonesty will be subject to the loss of credit for the work in question, as well as other disciplinary measures.

### **AIDS and Sexuality**

The human sexuality and AIDS curriculum is available for inspection from the high school office.

### **Opt-Out**

A parent or guardian (or student eighteen years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district's required curriculum.

To receive information on the opt-out provision, contact the high school office.

## **Attendance**

### **Compulsory Attendance Requirements**

Kansas law requires students to attend school until the age of 18.

Sixteen and seventeen-year-olds may be exempt from the compulsory attendance requirement if:

- they have attained a diploma or GED; **or**
- they are enrolled in an approved alternative education program, recognized by the local board of education; **or**
- a court orders exemption; **or**
- the parent or person acting as parent consents in writing to their child being exempt from the requirement and the child and parent attend a final counseling session conducted by the school to sign a disclaimer. (see appendix)

Students age 16 or 17 who are not exempt shall be reported as truant.

### **Attendance/Truancy**

#### Definition of Excused and Unexcused Absences

An absence request must be for a valid reason. The office will determine if the reason is valid, therefore determining if the absence is to be excused or unexcused. Out of school suspension is an unexcused absence. Valid excuses are defined as (1) any illness, either personal or family, (2) attendance of a funeral, (3) doctor or dental appointments, and (4) an absence desired by a parent or guardian if approved prior to the absence by the principal. In order for absences due to doctor and dental appointments to be excused, the student must present a note from the doctor or dentist to the office upon return from the appointment.

Unexcused absences may be subject to disciplinary action.

#### Truancy

The building principal shall report students who are inexcusably absent from school to the appropriate authority (students 13 and under shall be reported to the local office of Social Rehabilitation Services and students over 13 shall be reported to the county or district attorney.)

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. Students who are absent for a significant part of any school day shall be considered truant.

If a truant child is returned to school by a law enforcement official, the principal shall notify the parent or guardian.

### **Tardies**

Each teacher will establish and enforce his/her own tardy policy. Excessive tardies may result in disciplinary action from the administrative office.

### **Sign In/Sign Out**

Students must sign out in the office before leaving school premises during the school day. Students must sign in when they arrive at school after the school day has begun.

### **Release of Students During School Day**

Students shall not be released during the school day except upon a written or verbal request from the student's parent or person acting as a parent. Before releasing a student during the school day, the office shall verify the identity of the person seeking release of the student. If the office is not satisfied with the identification provided by the person seeking release of a student, the student's release may be refused.

Students shall not be allowed to run personal errands for school employees off school premises during the school day.

### **College Visits**

Students will be allowed three days for college visitations during the senior year. All college visits must be arranged and approved with the school counselor. A planned absence form will need to be obtained and completed two school days prior to the date of the college visit. Any college visit not approved by the school counselor will be considered an unexcused absence. College visits will not be allowed during final exam time. Approved college visits will not count against a student's attendance and will be recorded as a "C" on the attendance report.

NOTE: One of the three senior college visits may be used during the second semester of the student's junior year.

## **STUDENT DISCIPLINE POLICY**

The administration reserves the right to review each situation and may deviate from a normal disciplinary progression as deemed necessary. **Disciplinary infractions accumulate over a student's career in grades 6-12. Students who accumulate multiple violations may be subject to more severe interventions than a first time offender.** Disciplinary infractions that occur during the last days of a school year may carry over into the subsequent school year and will result in a student being considered "not in good standing" and thus ineligible for any extracurricular activities that take place prior to the start of the next school term.

### **McLOUTH USD #342 DISCIPLINE POLICY & GUIDE**

The Board of Education of USD #342, McLouth, understands the many roles expected of schools and recognizes that none is more important than the teaching and learning of the intended curriculum for all students. The intended curriculum is any subject area that has a designated curriculum that is expected to be taught.

It is very obvious that instruction techniques (pedagogy), curriculum work, and forms of assessments are means to support the teaching and learning of the intended curriculum. It should be just as obvious that the discipline process is also a means to support the teaching and learning of the intended curriculum. Without the proper learning environment, teaching and learning will be greatly hindered.

To ensure a productive teaching and learning environment for all students K-12, McLouth U.S.D. #342 is committed to maintaining a safe environment, an orderly environment, and a productive classroom environment in all schools and at all school activities. To ensure the structure and consistency necessary to maintain such a positive teaching and learning environment, McLouth U.S.D. #342 has implemented a discipline process built on a foundation that consists of:

1. a definition of discipline,
2. belief statements regarding the handling of behavior, and
3. expectations for staff, student, and parent behavior.

This foundation is the basis for all decisions made in the handling of discipline situations, as well as the daily treatment of all.

### **McLOUTH U.S.D. #342 DISCIPLINE PROCESS**

#### **A. DEFINITION OF DISCIPLINE**

Discipline is a process designed to teach, model, and use appropriate strategies to reinforce the behaviors necessary to ensure a safe and productive learning environment by changing unacceptable behavior to acceptable behavior.

#### **B. BELIEF STATEMENTS**

Teaching and learning of the intended academic curriculum for all students is the highest priority. Therefore:

- The misbehavior of one student will not be allowed to interfere with the learning opportunities of another student or with teachers' responsibility to teach all students. Teachers will be expected to respond to all behaviors that interfere with their responsibility to teach other students. When a student does not respond to a teacher's instruction to stop a disruptive behavior, staff have the authority to remove the student from the learning activity.
- The misbehavior of a student will not excuse that student from successfully completing the learning objectives. Students required to leave the classroom will be expected by the teacher to perform the missed assignment(s). Students who are suspended will be given the opportunity to make up only major tests and assignments.
- Changing behavior takes time. Changing unacceptable behaviors to acceptable behaviors is a continuous involved process.

- Discipline is a part of the daily routine, not a disruption of the daily routine. Staff should not be surprised when students misbehave and not take such behaviors personally.
- Self-discipline is the expected outcome. Success in a discipline process occurs when students demonstrate self-discipline and make appropriate choices without coercion.
- Every discipline situation is an opportunity to teach expected behavior. Staff must be willing to teach school expectations by talking and counseling with students. Staff will use discipline situations as an opportunity to teach the expected behaviors.
- Teaching and modeling appropriate behaviors, along with implementing consequences for inappropriate behaviors, is the best way to help change unacceptable behaviors to acceptable behaviors. Discussing and modelling rules and expectations in class help students to understand that rules exist for everyone's benefit.
- Punishment by itself cannot change behavior. Punishment alone will not bring about self-discipline.
- In the handling of unacceptable behaviors, the focus will be on judging of the behavior of the student, not on judging the student.
- Staff will respond to misbehavior in professional way. It is not always possible to avoid taking some behaviors as a personal attack. Staff will not respond in a personal way.
- Staff will show respect to students and parents at all times, regardless of the students' and parents' behavior. One of the responsibilities of staff is to *build* bridges. Staff will handle disrespect in a respectful way. Staff are not expected to accept disrespect, but they will engage in such situations with respect.
- Staff will handle all discipline situations in a professional manner. All staff members are expected to:
  - Respond to only the misbehavior.
  - Judge the behavior, not the student.
  - Show respect at all times.
  - Respond in a professional—not personal—manner.
  - Refrain from using put-downs or allowing students to use put-downs.
- Parents will be expected to support the school staff in the correction of inappropriate behaviors of their children and to take advantage of the opportunities presented to help their children make up academic assignments. Parents have a responsibility to ensure that their children's behaviors do not take away from a safe and productive learning environment for others.

### **C. EXPECTATIONS**

The definition of discipline and the belief statements will provide the structure and consistency necessary to maintain a safe, orderly, and academically productive environment. The third part of the Discipline Foundation is the behavior expectations for all. Staff, students, parents and visitors will be expected at all times to:

- Demonstrate self-respect; respect for others;
- Help maintain a safe and orderly environment through the use of self-discipline.
- Handle all conflicts without the use of or threats of violence.
- Provide learning opportunities for misbehaving students.
- Assist misbehaving students to change their unacceptable behavior to acceptable behavior.

### **INTERVENTIONS / CONSEQUENCES**

The following are examples of interventions available in McLouth U.S.D. #342:

- Ignore behavior
- Looking in the vicinity of the misbehavior
- Walking toward the area of the misbehavior
- Verbal reprimand
- Informal talk
- Isolation
- Writing assignment
- Standing on the wall
- Loss of privilege
- Opportunity Room

- Parent communication
- Teacher-parent conference
- Behavior contract
- Detention packet/written assignment
- Detention
- Referral to principal
- School service
- Principal-teacher-parent conference
- After school assignment
- Saturday school
- Removal from bus
- Suspension from school-related activities
- Parent shadowing (optional)
- Referral to Intervention Team
- Referral to CARE Team
- Referral to counselor
- Referral to local agencies
- Short term out-of-school suspension
- Long-term suspension
- Expulsion for the remainder of the school year
- Expulsion for 186 school days

#### **DEFINITIONS:**

##### Conference

The student and principal will have a visitation over the matter of misconduct that the student was involved in after the teacher has gone through discipline procedures. The student will be made aware that if certain conduct persists, disciplinary measures will be assigned. If the misconduct was a minor offense then a warning is all that is warranted; but if it is more serious in nature, more severe discipline may be assigned immediately.

##### Detentions & Detention Hall

Detention hall for office detentions will run after school Monday through Thursday. When a student is assigned a detention there is an option of serving it that afternoon or the next day detention hall is in session. If a student is tardy to detention hall, an additional detention for tardiness may be assigned.

Failure to serve an office detention will result in an in-school suspension (ISS). The ISS will be served in addition to the office detention.

Classroom detentions may be assigned by ANY employee of the school for minor violations of school policy and/or misconduct. An excessive accumulation of detentions may result in disciplinary intervention to remediate the problem behavior. It is the student's responsibility to notify parent(s) of a detention assignment at school.

If, at any time, a student appears in school in apparel that is considered by a staff member or the principal to be obscene in appearance, inappropriate for school, immodest and/or lacking in cleanliness they may be asked to change clothing or may be sent home immediately and permitted to return only after the inappropriate situation has been remedied, or assigned appropriate disciplinary measures. ## **U.S.D. #342 CONTROLLED SUBSTANCE POLICY**

In order to ensure the highest possible standards of learning as well as the safety, health, and well-being of all students, USD #342 endorses procedures which will: aid all students in abstaining from the use of alcohol/drugs, intervene early when student use is detected, take corrective disciplinary action when necessary, and provide after-care support for students. Controlled substances shall include: alcohol, tobacco products, illegal drugs, and misuse/abuse of prescription drugs or any material (facsimiles) that give the appearance of alcohol, tobacco, or other controlled substances.

Students are not to possess, sell, distribute, be under the influence of, or use any controlled substances; nor are students to be in possession of drug related or smoking paraphernalia. If the student is found to be distributing, the student's parents, the law enforcement agency, and any counselor involved with the student will be notified, and the student will be suspended from school pending an expulsion hearing. Other violations of the policy will be subject to appropriate discipline as outlined in the remainder of this policy.

In enforcing the provisions of this policy, the administration will act on reasonable suspicion brought by a teacher, an administrator, a law enforcement official, a student or other sources. When suspension or expulsion from school is proposed, students will be afforded due process rights in accordance with K.S.A. 72-8901, et. seq. The school district will attempt to cooperate with outside agencies in coordinating efforts to assist the student.

In an effort to assist students in successfully addressing chemical dependency problems, all McLouth schools will establish and maintain a student assistance program. The intervention team may assess student needs, develop goals, and make recommendations for needed services.

### **Tobacco**

Possession and/or use of any tobacco products will be the same as an illegal substance or alcohol.

### **Bus Regulations**

U.S.D. #342 provides bus transportation to and from school for those students who qualify and wish to use it. The bus itself is an extension of the classroom and proper rules of conduct must be followed. The transportation provided by the district is a privilege to a student and this may be revoked if unnecessary conduct persists by a certain student. The following are rules that will be enforced for all students riding on any bus or transportation provided by USD #342.

1. Each student may be assigned a seat during the first week of school.

2. The students assigned to a particular seat will be responsible for keeping that area clean and free from damage. Report any damage immediately.

## **Extracurricular Activities**

### **District Philosophy**

Extracurricular activities are an important component of the educational program at U.S.D. #342 McLouth Middle/Senior High School. These activities can, should, and must reinforce our academic programs. A well-balanced curriculum, that is accompanied by athletics and activities, provides an opportunity for not only physical, social and emotional growth, but it also strives to stimulate intellectual growth. The academic program teaches cognitive skills; the activities program endeavors to stimulate responsibility. Responsibility is mastered through dedication, discipline, and determination. The opportunity of participating in extracurricular activities challenges the student to become dedicated to the refinement of one's self. Furthermore, participation shall be deemed as a privilege and an honor to represent the school. In order for these programs to be successful:

- Students must learn determination in aspiring to reach their goals, both personal and team/group.
- They must receive encouragement from parents, school officials, coaches, sponsors, teachers, patrons and advisors. It is the philosophy of the Board of Education to, within the means of the district, provide the opportunity of extracurricular participation without regard to sex, race or creed.
- All participants must learn to accept success and failure, gain confidence in themselves, as well as poise. The student will strive to understand others, comprehend tolerance, and gain the feeling of self-actualization by accomplishing these goals.

It is through an efficiently administered total school program, that students and spectators become better citizens. We will participate and observe the principles and procedures of the Kansas State High School Activities Association (KSHSAA).

It is also the philosophy of U.S.D. #342 to provide an opportunity for all students who so desire to participate in interscholastic athletic competition. As the junior varsity contests are the training grounds for varsity athletics, all participants not playing on the varsity level should be allowed to play in the junior varsity games. However, there may at times exist circumstances that do not allow a student to participate.

### **Expectations for School Sponsored Activities**

All school-sponsored functions, including those held at sites other than the school, shall be drug and alcohol free. Possession, distribution or sale of drugs, drug paraphernalia, inhalants, alcohol, tobacco or any materials (facsimiles) that give the appearance of alcohol, tobacco, or other controlled substances or other illegal substances is not permitted.

Students and their guests, regardless of age, are to arrive free of these substances. Those who disregard these expectations will be excluded from the event and will be subject to disciplinary actions that may include one or more of the following:

- parent notification;
- police involvement;
- suspension or expulsion; and/or
- exclusion from future extracurricular activities.

### **Academic Eligibility**

A student must meet and maintain the standards provided by KSHSAA and the USD #342 Board of Education in order to participate in extracurricular activities. KSHSAA scholastic standards state a student shall have passed at least five subjects of unit weight the previous semester and shall be enrolled in at least five subjects of unit weight during the present semester. Board of Education policy states that participants be passing all classes with a minimum of a "C" average, and no F's. Students may raise a failing grade to passing and be deemed eligible one time per season. This must be documented by their teacher in writing and turned in to the Activities Director before the athlete can resume competition that week. If a student is academically ineligible the effective period will run from Wednesday of the week the list is published through the following Tuesday.

Academic eligibility will be kept after the second week of a grading period. Coaches/sponsors must submit a roster to the Activities Director following the first week of practice to certify both KSHSAA and academic eligibility.

### **Bona Fide Student & Good Standing Requirements**

Students at MHS are required to be a bona fide student in good standing, in accordance with KSHSAA Rule 14 and school requirements, to be eligible for participation in any extracurricular activity of the school. This means that any and all obligations a student has must be completed and a student's conduct record must be acceptable or the privilege of participation and/or attendance will be denied until the student reestablishes a good standing status.

### **Attendance**

Students must be present for the entire school day to participate in competitive activities. Absences for doctor or other appointments scheduled on a competition day must be approved by the office in advance in order for that student to participate. Emergency appointments will be considered on a case by case basis.

Absences from school which are unexcused may be unexcused by the coach or sponsor of an activity if it interferes with practice or games. Students must be in school by noon to attend evening activities or participate in practice. Practices on days when school is not in session may be held if approved by the activities director or administration in advance. Absences at these practices must be approved ahead of time by the coach in order to be excused.

### **Discipline**

Students who have been assigned OSS or ISS may not practice or compete in any activity for that day and until the next school day. **[Note: The weekend is an extension of the last school day.]** Students who receive detentions that affect practice time may be held accountable for the time as per the team rules.

ASAP is not considered detention time. Coaches should be notified by the student who is taking advantage of ASAP time. Students should receive a pass from their ASAP teacher to give to the coach when they return to practice.

### **Completed Forms**

All athletes must have the following forms completed, signed, and turned into the Activities Director before they may start workouts:

- 1) physical
- 2) proof of insurance
- 3) permission to treat;

- 4) emergency contact numbers.

Furthermore the athlete could be determined ineligible to participate by the coach if these forms aren't completed and turned in before the first practice date. KSHSAA regulations require physicals and insurance forms to be completed and on file in the office before practicing.

### **Athletic Training Rules**

Students are offered a wide range of athletic and extracurricular activities at McLouth High School. In addition to remaining academically eligible, the following rules must be followed.

1. All participants and a parent/guardian will be required to attend a preseason orientation meeting and/or sign a team policy sheet prior to competing in that sport.
2. All participants must have the following forms completed, signed, and turned into the Activities Director before they may start workouts. 1) physical; 2) proof of insurance; 3) permission to treat; 4) emergency contact numbers. The athlete could be determined ineligible to participate by the coach if these forms aren't completed and turned in before the first practice date.
3. Participants are to remain academically eligible according to the policy stated in the Student Handbook and according to KSHSAA scholastic standards. Board of Education policy states that participants be passing all classes with a minimum of a "C" average, and no F's.
4. Participants who are academically ineligible are required to attend and participate in practices. Additionally, they are required to attend all scheduled events and travel with the group to away activities *unless approved by the coach*. Ineligible students will not be allowed to attend events in which the student will miss school time or when supervision is an issue.
5. Perfect attendance at events and practices is expected. The head coach must be notified of an impending absence in advance for it to be considered an excused absence.
6. Athletes must be present for the entire school day to participate in contests/events. Planned absences for doctor or other appointments scheduled on a competition day must be approved by the office in advance. Emergency appointments will be considered on a case by case basis.
7. Athletes who have been assigned OSS may not practice or compete in any activity for that day and until the next school day.
8. Each participant is responsible for the care and return of equipment and uniforms. Loss, breakage, or damage not associated with normal wear and tear will be charged to the student.
9. Each participant is to check equipment/uniforms in to coaches only (not secretaries, the activities director, etc.). All items must be checked in by the end of the first week after the final game of the season. Detentions may be issued by the coach and/or the student may be designated as "not in good standing," until the equipment/uniform is returned or paid for.
10. Good sportsmanship shall be shown before, during, and after all contests.
11. Foul or vulgar language will not be tolerated on the field, court, or in the locker room. An individual's physical actions will also be subject to the same criteria.
12. Use of tobacco, alcohol, or illegal drugs is forbidden. Offenders will be punished according to the district's Controlled Substance Policy.
13. Participants are expected to dress nicely to attend all events. Managers are part of the team and must abide by the same rule. Appropriate after-game dress will be determined by the coach/sponsor. Failure to adhere to this rule may result in loss of playing time or other consequences.
14. No student will be allowed in the locker rooms or gymnasiums prior to the assigned arrival time unless under the direct supervision of a coach. This applies for evening, weekend, or holiday practices, as well as on game nights.
15. Students are expected to keep the locker room clean of tape, litter, soap, and personal clothing and equipment. Absolutely no horseplay will be allowed in the locker room.
16. Athletes will stay out of the coaches' offices unless invited in by the coach.
17. Each participant is responsible for personal valuables. Each athlete will be issued a locker and lock and is expected to use them. Valuables may be locked in the office with the permission of the coach/instructor. Students should not carry large sums of money to school or on school trips.
18. **ALL DECISIONS MADE BY THE COACHING STAFF OF EACH SPORT CONCERNING STRATEGY, TACTICS, AND PERSONNEL WILL BE FINAL!!**

### **Sportsmanship**

The administration and Board of Education of USD #342 fully support and have adopted the criteria established by the K.S.H.S.A.A. Rule 52 Citizenship/Sportsmanship. - a. Be courteous to all (participants, coaches, officials, staff and fans).

- b. Know the rules, abide by and respect the official's decisions.
- c. Win with character and lose with dignity.
- d. Display appreciation for good performance regardless of the team.

### **Assemblies and Pep Rallies**

All students and staff members are to attend assemblies designated for their grade level to attend. Upon dismissal students/staff are to go immediately to the assembly location and be seated in an orderly manner. Conduct for assemblies should be appropriate for the setting and type of assembly program presented.

**HAZARDS INHERENT IN TACKLE FOOTBALL AND PARTICIPATION IN ATHLETICS**

***BOTH THE APPLICANT STUDENT AND A PARENT OR GUARDIAN MUST READ CAREFULLY.***

Students and parents are aware that tackle football is a violent contact sport and that playing or practicing to play tackle football will be a dangerous activity involving MANY RISKS OF INJURY. It is understood that the dangers and risks of playing or practicing to play tackle football include, but are not limited to, death, serious neck and spinal injuries which may result in complete or partial paralysis, brain damage, serious injury to virtually all internal organs, serious injury to virtually all bones, joints, ligaments, muscles, tendons, and other aspects of the body, general health and well being. It is understood that the dangers and risks of playing or practicing to play tackle football may result not only in serious injury, but in a serious impairment of future abilities to earn a living, to engage in other business, social and recreational activities, and generally enjoy life.

Because of the dangers of tackle football, and all sports, students should recognize the importance of following coaches' instructions regarding playing techniques, training and other team rules, etc., and to agree to obey such instructions.

### Overnight Field Trips

Occasionally field trips, athletic events and other school sponsored activities may necessitate the need for overnight lodging. When students participate in such events, they will be assigned rooms by the sponsors. They are to be in only their rooms unless given approval by the sponsor (i.e., perhaps an organizational meeting may be called by the sponsor in one of the rooms). Students will not stay with parents when representing McLouth School unless approved by the administration.

A reasonable curfew will be established by the sponsor and will be adhered to by students. Periodic room checks will be conducted. Abuse of the aforementioned may result in parents being notified to make arrangements for their child's transportation home. Students may also be suspended from future events.

### Transportation to School Activities

All students will be transported by the school to and from all extracurricular activities. **No student shall ride home with friends or relatives unless they are the student's parent(s) or guardian(s) and they personally deliver a signed, handwritten note to the coach stating that their child will be riding with them from the contest.** In lieu of a handwritten note by the parent/guardian, the coach may require the parent/guardian to sign a form stating that the student is being released to the parent/guardian from a specific event. Emergency or extenuating circumstances will be dealt with by prior arrangement through the office or by the coach/sponsor, administrator or administrative designee on site. Students wanting to be picked up or let off the bus in front of their home, provided the bus goes by their home, must have written permission granted from the parent and administrator.

### Fund-Raising

Solicitations by students of students or school personnel during school hours and on school property shall be done only when they are related to school sponsored activities.

All student sales projects shall require the principal's prior approval.

### Parties/Social Events

All classroom parties and other school social events must be approved in advance by the principal.

### Dances

Student organizations are encouraged to sponsor dances during the school year. All school rules and regulations are in effect at all dances unless otherwise specified. To retain this privilege, the following rules must be observed.

1. Permission to hold a dance must be obtained from the office at least two weeks in advance of the event.
2. No dance shall last later than 12:00 a.m. with the exception of Homecoming and King & Queen of Courts which shall last no later than 12:30 a.m.
3. More illumination than that from the exit sign is required.
4. The type of dress which is appropriate shall be determined by the sponsoring organization and principal. **Persons improperly dressed will not be admitted.**
5. Persons leaving the building will not be readmitted. No one will be admitted 30 minutes after the dance has begun.
6. Persons who are not students at MHS and are dates of McLouth students will be admitted only if they are signed up prior to the dance and their attendance has been approved by a parent of the McLouth student and the principal by completing the Dance Guest Permission Form (see Appendix). Guests/dates of MHS students at dances are subject to the same rules/expectations for dress and conduct as are members of the student body.
7. No middle school or elementary student will be allowed to participate in or attend the high school dances or vice versa (as a date, guest, etc.). Administration reserves the right to deny approval of guests who may be disruptive.
8. Any person who is suspected of having engaged in the consumption of alcoholic beverages or drugs will be dismissed. If the party is a McLouth student, disciplinary action will be taken by the office. McLouth students will be held responsible for the behavior of their dates.
9. Any behavior which is judged by the sponsor to be misconduct will be considered sufficient reason for immediate dismissal. This would include inappropriate or suggestive dancing.
10. ALL DECISIONS OF THE SPONSOR ARE FINAL!

### Student Publications

School-sponsored student publications shall be under the supervision of the building principal or designated faculty representative. Non-school sponsored publications may not be distributed without prior permission.

No student shall distribute any publication which:

- Is obscene according to current legal definitions;
- Is libelous according to current legal definitions; or
- Creates a material or substantial interference with normal school activity or appropriate discipline in the operation of the school.

## **Health and Safety**

### **Accidents, Reporting of**

Students should report any injury incurred at school or a school-sponsored activity to the principal or appropriate sponsor.

When appropriate, a parent shall be notified of a student injury as soon as possible to determine appropriate action. If the student needs medical attention and the parents cannot be reached, the principal shall seek emergency medical treatment. See Appendix for sample student accident form.

### **Medications, Administering**

Diagnosis and treatment of illness and the prescribing of drugs, medications and nostrums are not the responsibility of the public schools and are not to be practiced by any school personnel, including school nurses unless authorized hereinunder. School personnel are advised that the Nurse Practice Act KSA 65-1113 et. seq., as amended, makes it illegal for school nurses to administer medications or treatments that have not been prescribed by a licensed physician or dentist. The law under that statute also prohibits any acts of diagnosis.

It is the opinion of the State Board of Health, the State Department of Education, the Kansas School Health Advisory Council and the board that the public school should never provide students with aspirin or other medication. The decision as to whether aspirin is needed is a form of diagnosis, and the dispensing of this medication is a form of treatment. Neither diagnosis nor treatment are within the responsibilities of the school.

Dispensation of any prescribed medication must have a written order of a licensed physician and/or dentist to allow designated school personnel to administer the drug. The following rule for the administration of medication by school personnel, including school nurses, is authorized:

Administration of aspirin or other unprescribed medication shall not be practiced by any school personnel including school nurses. In certain explained circumstances when medication is necessary in order that the student remain in school, the school may cooperate with parents; but the family physician will send a written order to the school. In secondary schools, students and parents are responsible for the administering of all over-the-counter medications.

### **Inoculations**

All students enrolling in any district school shall provide the building principal with proof of immunization of certain diseases or furnish documents to satisfy statutory requirements. Booster shots required by the Secretary of the Department of Health and Environment are also required.

Students who fail to provide the documentation required by law may be excluded from school by the superintendent until statutory requirements are satisfied. Notice of exclusion shall be given to the parents/guardians as prescribed by law. Students who are not immunized against a particular disease(es) may be excluded from school during an outbreak.

### **Communicable Diseases**

Any student noted by a physician or the school nurse as having a communicable disease may be required to withdraw from school for the duration of the illness. The student will be readmitted to regular classes upon termination of the illness, as authorized by the student's physician or as authorized by a health assessment team.

The board reserves the right to require a written statement from the student's physician indicating the student is free from all symptoms of the disease.

### **Weather Emergencies**

When the superintendent believes the safety of students is threatened by severe weather or other circumstances, parents and students shall be notified of school closings or cancellations by announcements made over the following radio/TV station(s): WIBW radio and TV in Topeka, KLWN radio in Lawrence, and WDAF-61 Country radio in Kansas City. These announcements will be made about 6:30 a.m. on the day concerned.

If an emergency occurs with less than one hour of warning time, the district will keep all students under school

jurisdiction and supervision. Staff will remain on duty with the students during the emergency period. Parents may come to school and pick up their children. Students shall be released according to board policy for release of students during the school day.

### **Procedures to Evacuate Students with Disabilities**

School staff members will be responsible for the evacuation of students with disabilities.

## **General Information**

### **Insurance**

Parents may wish to purchase student accident insurance made available by American Bankers Life Assurance Company. Students must have insurance coverage before participating in interscholastic sports. Insurance application forms may be obtained in the high school office. The coverages, which pay in addition to any other insurance, have the following plans available on a voluntary basis.

1. School Time Coverage (covers interscholastic sports except high school football)
2. 24-Hour Coverage (cover interscholastic sports except high school football)
3. High School Football Coverage

### **Personal Property**

Students are responsible for any personal property they bring to school or school activities. Students are responsible for any school property; textbooks, uniforms, lockers, calculators, etc., that has been checked out to them. Backpacks and book bags are to be placed in the student's locker upon arrival to school and kept in the locker throughout the school day. Electronic devices are not to be used in the classrooms unless permission is granted by the instructor.

### **Posters**

Posters, drawings or other materials must be approved by the principal for posting in the school. All unauthorized posting will be removed immediately and become the property of the school.

### **Telephone Calls / Cell Phones**

The high school office staff will only deliver messages to students during the school day in the event of an emergency. Students will not be called out of class for a phone call except in an emergency. All other messages will be held for students to pick up in the office after the dismissal bell.

Students are not to use cell phones during the school day unless permission is granted.

### **Use of Personal Vehicle**

Students who drive to school shall park in the designated parking areas. Students may not go to their vehicles during the school day without permission from the office.

A student who is observed driving recklessly on or near school property shall be reported to the building principal. The principal shall review the violation with the student at the first opportunity and sanctions including but not limited to the following may be applied:

- the student may be prohibited from parking or driving on school property;
- a letter may be sent to the student's parents;
- the student may be disciplined according to the disciplinary code.

Vehicles parked on school grounds or at school activities may be searched.

### **Visitors**

Parents are welcome at school and are welcome to attend school assemblies and functions. Visitors must first check in at the office and obtain a visitor's pass. Agents and individuals are not permitted to solicit students or teachers on the school premises without a permit from the principal. **Student visitors will not be permitted.**

### **Computer Use**

Use of or access to district computers and computer software is limited to district approved users under the conditions put forth in the McLouth USD #342 Acceptable Use Policy.

Only software purchased by the district may be loaded onto district computers. Software licensed to the district shall not be used on computers not owned by the district. District software shall not be copied for personal use.

Students shall not use electronic communications, including e-mail and the internet, to harass staff, students or other individuals.

### No Right to Privacy

Students shall have no expectation of privacy or restricted access to any information generated during the course of their work or entered in any district computers. Students waive any right to privacy in e-mail messages and consent to the access and disclosure of e-mail messages by authorized persons.

Students shall only use passwords or other encoding or security mechanisms as assigned by the district computer system(s) administrator or other officials designated by the board. The use of a password does not affect the administration's right to monitor. All forms of electronic communications are monitored by the administration to ensure the systems are only being used for official purposes.

#### Ownership

Computer materials or devices created as part of any assignment undertaken on school time shall be the property of the district.

#### Internet

Inappropriate use and/or transmission of any material in violation of any United States or state regulation, is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material, or material protected by a trade secret.

### **MCLOUTH USD 342 INTERNET SAFETY POLICY**

This Internet Safety Policy is designed to help the user understand McLouth USD 342's expectations for safe use of the Internet and in association with McLouth USD 342 Acceptable Use Policy to help use those resources wisely. In order for McLouth USD 342 to be able to make its technology systems and Internet access available, all users must take responsibility for appropriate and lawful use of this access. While McLouth USD 342 will make reasonable efforts to supervise the use of network and Internet access, users must cooperate by exercising and promoting responsible use of this access.

**Access is a privilege**, not a right, and access entails responsibility. All users have a responsibility to use McLouth USD 342's technology systems and the Internet in a professional, lawful, and ethical manner. Violation of this policy shall result in due process disciplinary action, including possible termination of information technology privileges, termination of current role/position/status, civil, and criminal liability.

Using McLouth USD 342 information technology systems to access, create, view, transmit, or receive racist, sexist, threatening, or otherwise objectionable or illegal material is strictly prohibited. Any parent or guardian of a student may direct that the student not be given access to the Internet.

#### **I. PERSONAL RESPONSIBILITY**

- A. You agree to appropriately report any misuse of McLouth USD 342 technology systems. Misuse means violations of McLouth USD 342 policy or other use that is not included in McLouth USD 342 policy, but has the effect of harming another or his or her property.
- B. McLouth USD 342 is providing privileged access to its technology systems and the Internet for educational purposes. Users are responsible for good behavior on school computer networks just as they are in a classroom or a school hallway.
- C. If you have any doubt about whether a contemplated activity is appropriate, you may consult with your supervising administrator/teacher/staff to help you decide if a use is appropriate. All users and their parents/guardians are advised that access to the Internet may include the potential for access to materials inappropriate for school-aged pupils. Every user must take responsibility for his or her use of McLouth USD 342 technology systems and Internet and stay away from these sites.
- D. Be safe. In using the computer network and Internet, do not reveal personal information about yourself, minors, or any other person. Personal information includes, but is not limited to, your home address, telephone, school address, work address, etc. Do not use information which might allow a person to locate you without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone you "meet" on the Internet. Regardless of your age, you should never agree to meet a person you have only communicated with on the Internet in a secluded place or in a private setting.

Students are not to trade lockers, share lockers, or give their combination to other students. If changes need to be made, they must be approved by the office. Students will be held responsible for the condition and contents of their lockers.

Lockers are school property and there is no expectation of privacy regarding lockers. The principal may search any locker at any time without notice to the student to whom the locker is assigned if there is reason to believe the locker contains matter prohibited by law or school regulations. Drug dogs may be used to search the premises.

## **Student Services**

### **Counselor**

#### Academic Counseling

Students are encouraged to talk with a school counselor, teachers, and principals in order to learn about the curriculum offerings, graduation requirements, qualified admissions for Regents universities and academic issues. The counselor can provide information about vocational training schools, colleges and universities, careers and financial aid.

#### Personal Counseling

The counselor is available to assist students with personal concerns. The counselor may make available information about community resources to address personal concerns. Students who wish to meet with the counselor should stop by the counselor's office in the morning or during breaks to set up an appointment and secure a pass. Present the pass to the classroom teacher prior to attending the appointment. Failure to secure prior permission to visit the counselor may result in an unexcused absence.

### **Food Service**

Breakfast and hot lunches are served daily in the school cafeteria. All students are encouraged to use the lunch ticket program. The Lunch Express is a computerized lunch system that has been set according to state and federal accounting guidelines and will operate as follows:

1. Each family will be assigned an unique ID number for all students in their family. Each student in the family will also be assigned an individual ID number within their family account by which individual purchases may be tracked. Any money you send to school with your student for lunch will go into the family account - no cash will be given back to them. Checks for the family accounts can be mailed to the elementary office.
2. Money may be put into the family's account any morning before school in the office.
3. A lunch or breakfast may be purchased and the amount of the purchase will be automatically deducted from the family account. Ala carte items and milk must be purchased using cash only.
4. A reminder slip will be mailed to the parents when the family account has reached a low balance.
5. Charges will be allowed up to \$2.50.

Students may still pay cash for their meals, however the Lunch Express system is the preferred plan for our breakfast and lunch programs. Students who use Lunch Express will be served first.

Students will NOT be able to CHARGE meals for more than \$10 per family. When an account reaches a negative \$10 balance students WILL NOT be able to EAT school meals. A payment must be made to that account to bring the balance to a positive amount or parents should send a sack lunch to school with their child(ren). To help you monitor your children's account, notices will be mailed home twice a month.

### **Salad Bar**

Sharing with fellow students will be discouraged.

McLouth High School has a closed lunch period. Food and drink are to be consumed in the cafeteria. Teachers/school officials may confiscate any food or drink being consumed outside of the cafeteria. Students are not allowed to be in the parking lots or their cars during the lunch period. In fact, during their assigned lunch period, students are to be in the lunchroom or the designated outdoor area. If a student needs to leave these designated areas, permission must be obtained from the lunchroom supervisor.

All students should act in a courteous and respectful manner while waiting in the serving line and during lunch. No food or drink, except for a sack lunch for the individual student, may be brought to school without prior approval. Any food brought or delivered in violation of this rule may be confiscated.

**NOTE:** Students who are on special diets and cannot eat a school lunch may be excused to go home and eat if they:

1. Can walk home and eat and return to school within their lunch period; and
2. Have on file with the building principal a letter from their doctor stating that they must be on a special diet for health reasons.
