4:30 PM'ish – 6:30 PM

Remembering Justin, Inc. is a 501(c)(3) charity incorporated in Kansas as a Not For Profit Corporation established to memorialize the life of Justin Johnston by awarding renewable scholarships to McLouth High School Graduates pursuing undergraduate bachelor degrees at accredited colleges and universities.

On June 2, 2011, Justin's life tragically ended while on an educational Spanish club trip to Costa Rica.

Justin Johnston was an exceptional outgoing and charismatic youth who cared about helping others. He made many of our days brighter by his free and light hearted spirit that could lift a heavy heart with his positive outlook, personable smile, and ever present "thumbs-up". It is in this spirit of helping others, that scholarships are awarded to the most promising young adults in need of assistance to help realize their potential through their higher education goals.

Please join us for a great day of golf and plan to stay for the silent auction. If you are not a golfer, please consider attending the silent auction or providing a sponsorship or donation. Your generosity can make a difference in the future of exceptionally talented young adults. Please visit RememberingJustin.com for information on this year's scholarship recipients, event information, and more!
