

Dear Parents / Guardians,

Field Day is just around the corner! This annual event will take place on Thursday, May 3rd located at the McLouth Football Stadium. Considering the success of the past Field Days, we will continue participating in several stations which will focus on classic games, track events, sports activities, relay activities, and target games that will focus on individual skills, strategy and teamwork; followed by Class Challenges !

Field Day will be split into two sessions: a morning session (9:00 - 10:45am) and an afternoon session (1:00 - 3:00pm). There will be a Lunch/Restroom Break in between the morning & afternoon sessions. The Team/Class Challenges will take place towards the end of Field Day and will consist of the Tug-of-War Challenge, Water Relays, and a Running Challenge. The Running Challenge is optional, so the students do not have to run in the event. K & 1st graders will run 400m (1 lap), 2nd & 3rd graders will run 800m (2 laps), and 4th & 5th grades will run a mile (4 laps)! We would love for you to come watch and support your child(ren) during Field Day.

PARENTS... There are a couple things that we would like to remind you before Field Day.

- There will not be an opportunity for adults to purchase a school lunch. If you decided to eat lunch with your child(ren), please remember to bring your own lunch.
- Please don't forget to check into the office.
- Please let the children play the games.
- Take plenty of pictures!

If you happen to share you pictures with Mr. Scott or Mr. Johnson, they could be "shared" on the school Facebook page and/or in the photo slideshow during the End of the Year Awards Ceremony. If you could, please email your just a couple of your best pictures to Mr. Scott (scottr@mclouth.org) or Mr. Johnson (johnsonj@mclouth.org).

One last thing, if weather does not cooperate on May 3rd, our make-up day for Field Day will be on Friday, May 11th! This will definitely affect the number of High School helpers that we will have to help run our stations! So, please keep this date in mind, as we may need parent volunteers to help run some of our stations if Field Day would need to be rescheduled.

Thank you for your time,

Mr. Ryan Scott
Physical Education
