

Bullpup Blast

April 2025

Well, here we are with just a few short weeks left before the end of another school year! It amazes me how fast time flies. The 3-5th grade are in the midst of state assessments. The students are working hard to earn an ice cream sundae party depending on their effort for these assessments.

Students can earn a punch on a punch card for the following; setting reasonable goals for success, working hard and taking time on their assessments, attendance, using scratch paper to solve problems, double checking answers, and making sure their bodies are prepared with a great breakfast and plenty of rest. This year the state has built a new test, so we will not have results until approximately October of next year. We will share those results with families once they come in.

April is a busy month, below you will see highlights of activities to add to your calendar.

Preschool & Kindergarten Round-up

- Links are open on www.usd342.org to sign up for roundup appointments.

K-5 Bullpup Youth Track Meet

- Flyers have been sent home for permission to participate in the youth track practices and meet. Practices will be held on April 5th & 12th. The meet will be held on April 19th.

Summer School: Details will be coming out mid April on dates and invites for summer school.

Field Day

- Mark your calendars for May 16th. Details to follow.
