“Community Connection Academy”

OCTOBER 16, 2019

6:30 – 7:30 p.m.

Q&A session to follow

HS Auditorium

"Community Connection Academy" will be a quarterly opportunity for Parents/Community to join us for an evening educational/informational meeting to gain a better understanding of various topics that impact their students.

*We will begin with an **Online Safety** presentation by Lawrence PD investigators in the Crimes against Children division. This presentation raises awareness and offers tips to **parents/adults** whose children utilize computers, phones, apps, and social media.*

This presentation will cover such topics as

- *prevention*
- *monitoring*
- *cyber bullying*
- *self-esteem concerns*

While technology is designed to make our lives easier, it continues to pose risks to our children through their use of computers, phones, and social media platforms. As adults, we all desire to be better equipped with tools to deal with the potential dangers of technology use and the online activity of our children.

We hope that you will join us for an evening of learning about this important topic of the safety and well-being of your children.

McLouth, USD 342 Administration

Steve Lilly, Superintendent
Janna Davis, MS/HS Principal
Jerome Johnson, ES Principal

The district will provide light snacks and childcare if needed so you are able to attend this important informational evening. So that we may better plan for this evening, please return the second page of this letter to the Elementary or HS offices or give us a call @ 913-796-6152 (ES) or 913-796-6122(MS/HS) and let us know if you plan to attend.
