

# Wednesday – April 2

## Writing

Think about your favorite book or movie. You will write a letter to someone giving them reasons for why he/she should read the book or watch the movie you like. Today you will choose a topic and write the date, greeting, and introduction. You will need the letter template to complete this. We do not focus on correct spelling, grammar, etc. because we will edit and correct those things next week. Your child should just get his/her ideas down on the paper.

Sample introduction: I am so excited to tell you about this great book I just read! I think you should read it too and I know you will love it! I have three things that I love about this book.
