

ABC CUP HUNT

ABC *cup hunt*

You can use any type of plastic cup that isn't see-through.

*Bowls will work too. –to stick letters on you can use: sticky notes, masking tape and write the letter, small papers and tape it on, or a dry erase marker

-Hide a small object under one of the cups. Your child has to figure out which cup has the object by saying the correct letter. Once they find the object, you can play again by hiding the object under a different cup (they can't peek 😊).

I recommend doing the letters that your child struggles with, not the whole alphabet...that would be a looooooot of cups 😊.
