

Erase that Sound

The phonological awareness tab is geared more towards the 4 year old group due to 4 year old standards. 3 year olds have not been introduced to most of these concepts yet but if you wish to try, feel free but don't work to the point of frustration.

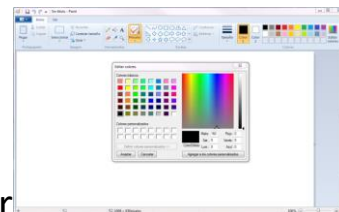

If you do not have a marker board you can use:

- An old picture frame with a piece of paper in the frame
- A Paper protector film with a piece of paper inside
- A chalkboard and chalk

If you do not have dry erase markers along with a marker board:

1. You can download the free app Doodle Art (forewarned there are many ads)

2. You can download the free app Draw Editor
3. You can use the Paint program on computer
4. You can use paper and pencil and erase as you go

Directions:

1. The adult will draw a picture, it can be of a person, or a snowman, a dog, flower, anything with multiple parts
2. You will tell the child to erase something that begins with (and then give an example of a letter that something starts with in the picture)

Example: in the photo provided is a snowman so you would say “Erase something that starts with H” –the child will erase the hat...”Erase something that starts with B” the child will erase the buttons
