

Math Agenda

Fun with Measurements

1. Have your child use a tape measure, ruler or piece of string to measure items around the house.
2. Have them measure a spoon and then a pillow, which one was longer, which one was shorter?
3. Use words like: longer, shorter, bigger, smaller, same size

Ideas of items they could measure:

1. Spoons and forks
2. Pillow
3. Door opening
4. Remote
5. Phone
6. Cups
7. Toy trucks
8. Dolls
9. Books
10. Water bottles
