

# MRS. SCHRECK'S

# LIST OF ART-MAKING IDEAS

(Gathered from her brain & the internet!)

1. Make faces out of random objects that you find.
2. Recreate an artwork with clothes in your house.
3. Recreate an artwork with yourself or family members and random objects you can find.
4. Create your own "Roll-a-\_\_\_\_\_ " game.
5. Turn real objects into something else with drawings around them.
6. Draw a picture of something you did each day (for a whole week, for a whole month, or the whole summer!), to create a picture diary.
7. Learn how to draw or make something and then teach it to someone else.
8. Try making artwork with something you've never used before and then "review" it...like a professional person reviewing a product.
9. Draw what your house would look like if you cut the side off to see in everywhere!
10. Create art with natural objects (sticks, leaves, rocks, flowers).
