

## USD 342 Enrollment Projection & Nonresident Enrollment Report

Per K.S.A 72-3123, 72-3124, and 72-3126, before May 1st of each year, the superintendent of schools or designee will develop and submit a recommendation to the board of education declaring the projected enrollment and number of open seats available to nonresident students. By June 1 of each year, the district will publish on its website, at a minimum, the number of students expected to attend the district in the next school year, the number of open seats available to nonresident students and the non-resident application.

### Enrollment Projection Determination

This report outlines a collection of data and considerations used to prepare a recommendation to the McLouth Board of Education to approve enrollment projections and the number of seats available to nonresident students.

### Considerations for enrollment

The district will calculate annual capacity and post available slots based on current policy and enrollment numbers from current and historical data.

**Considerations:** Military, homeless, children of staff, already approved siblings and currently approved non-residents will be accepted first and could push capacity over available slots.
